University of Wisconsin
Madison, Wisconsin

Dear Josh and Esther:

Hilda and I enjoyed our visit with you last Saturday very much. I hope you can get out this way and drop in on us sometime soon.

I am enclosing some self addressed postcards so you can let me know of any interesting seminars and meetings at the University. We are planning on coming up next Saturday for Aaron's seminar. Please let us know if the time and place have been set for it yet. We hope to see you then.

Sincerely yours,

Oneil M. Banks
